

# HAS INFLATION COMPLICATED YOUR FINANCES?

## Here are 5 ways to simplify your spending:

### 1. Set up automatic bill pay (and savings if you can).

Once you set it up, you don't have to think about it again. Easy, right?

### 2. Create an emergency fund.

Take charge and start putting money away each time you get paid.

### 3. Download a budgeting app.

Seeing how much money is going out vs. what's coming in can help you control spending.

### 4. Give yourself an allowance (and stick to it).

Withdraw a certain amount of cash from the bank each month and spend only that.

### 5. Join HSA.

Our real estate home warranty plans make home repair expenses more predictable. When a covered item like your A/C, fridge or oven stops working, you're prepared.

Simplify your spending with HSA.
