

Capability Statement Centricity Technology Partners, Inc.

Company Profile

Centricity is an SBA 8(a) and HUBZone certified, woman-owned, small business that provides Enterprise Operations, IT Security, and Program Management solutions to Federal, state, local government agencies, and commercial enterprises. Centricity takes the risk and uncertainty out of outsourcing while riding clients from ordinary solutions that produce ordinary results. With keen attention to detail and the agility of a small business, Centricity keeps pace with the progressive program management and IT needs of the public and private sector.
